As a legal Lot owner in the Gleneagle Civic Association and pursuant to C.R.S. §38-33.3-217(7), I hereby submit my **formal written objection** to the two measures being petitioned to the court by the GCA Board of Directors that amend and restate the Association's covenants and add a limited amendment to those changes, as stated in a notice I received by mail from Altitude Community Law P.C. dated 22 April 2026.

My position is that:

(a) The original outcome of the vote in December was legitimate and should stand;

(b) Each of the proposed revisions received no more than 38% approval of the eligible members, thereby indicating poor support for the proposals;

(c) The GCA President informed the attendees at the 15 Nov 2025 meeting that any abstentions would be considered a 'no' vote", which is contrary to the GCA Board's position in the petition, and members expressed their opposition in that manner; and

(d) The Association's members have not been given an opportunity to review and address the concerns surfaced by the results of the election prior to the filing of this court action.

I request that the Court instruct the Gleneagle Civic Association Board of Directors to respect the correct and proper outcome of the vote in December and to instruct the GCA Board to reach out to the community to reach a compromise on the current issues that will be acceptable to a wider majority of the HOA members.

I authorize this Objection to be filed with the Court as an exhibit to another filing by a homeowner, or in any other manner.
